COVID-19 PPE Guidance: Patient masks in Primary Care setting

Face covering

If unable to maintain social distancing in waiting area
Patients should be contacted prior to an appointment and advised to bring a face covering

Type II Face mask

Confirmed or suspected COVID patients ONLY, if type II masks are not available, type II-R can be used

Type II-R Face mask

All vulnerable patients that have received a Welsh Government shielding letter
Or members of the same household

If none of the above apply then
PATIENT MAY CHOOSE TO WEAR A FACE COVERING
